The CIA Manifesto

"11 Fundamental Assumptions for Success"

I. I am a creative Investing Architect ... I am a CIA.

II. I know that real estate can be purchased without my own cash or credit, and ... that I CAN DO IT! And I WILL DO IT!

III. There are an abundance of deals.

IV. There is an abundance of private money available to fund my deals.

V. I understand that my personal financial situation and credit, whether good or bad, doesn't matter.

VI. I only listen to people who are where I want to be.

VII. I enter into every situation with an open mind.

VIII. I am independent of the good opinion of others ... AKA I don't care what ''they'' say.

IX. I understand that doing new things can be uncomfortable at first, but when I feel that feeling, I realize that I'm getting closer to achieving my goals ... I love that feeling!

X. When someone says ''No'', it only means I'm that much closer to a ''Yes''.

XI. Whatever I can conceive and believe, I can achieve.

... by signing The CIA Manifesto, I commit to doing whatever it takes, both ethically and morally, to becoming a successful creative real estate investor. I commit to studying each part of the "How to Become a CIA" series and commit to taking action. I know that I am responsible for my success and am sick of tired of working every day for someone else's dream. I have laid blame aside. I am responsible for who I am, what I am, and where I am. I believe in myself. I will persist no matter what obstacles I face. I am a successful creative real estate investor and am creating wealth for myself, my family, and everyone else around me!
